<b>Presidents Report</b>		
1.	<p>Presidents report 14/9  Welcome to everyone. We are now less than a month away from the start of the pennants season. It is going to be both an exciting and challenging start to the season. We are going to face internal challenges from within the club in the next few weeks of which I have every confidence our committee will and can mitigate without any issue. I think it is portent that whilst we handle these challenges it is important we don't do it at the detriment of the great club feel we currently have going.  On the bowls side of things it looks favourable that we should be able to field all teams nominated as well as supplying a competitive team to the newly announced supper challenge. We have attracted several new sponsors and We need to continue to grow this. As well as continue to grow our membership.  I would also like to thank all volunteers whom have made our Friday night dinners and sausage sizes the success they have been and look forward to seeing them continue.  From the club we offer our condolences to Kath and family on the passing of David. We would like to offer any support that is required.  Personally I am looking forward to the start of the season and looking forward to the challenges it will present.</p>
